

CRIOCM2018

23rd International Symposium on Advancement of Construction

Management and Real Estate

(24th- 27th August, 2018, Guiyang, China)

Call for papers (2nd Announcement)

The Chinese Research Institute of Construction Management(CRIOCM) in collaboration with Guizhou Insititute Of Technology (GIT) has the pleasure to invite academics, researchers, professionals to participate in CRIOCM 2018, the 23rd International Symposium on "Advancement of Construction Management and Real Estate" in the context of the new era. This symposium aims to provide a platform for sharing the latest achievements, research outputs and advancement between frontier disciplines in China and overseas, offering important reference for advancement of

construction management and real estate in the context of the new era.

This symposium will be held in Guizhou Institute of Technology (GIT), which is located in Guiyang, the provincial capital of Guizhou Province of China. Established as a tertiary education institute in 2013, GIT is a state-run fulltime college offering programs within the main disciplines of Engineering, Science, Management and Economics.

Guiyang, the summer paradise of China, is named as the first national forest city. It is an ideal place for international conferences. The Global Annual Conference of Eco Forum has been held in Guiyang for many times. We welcome you to CRIOCM2018, to Guiyang, the summer paradise!

■ Main Themes

The symposium will cover the following main themes:

CM01: New-type urbanization

CM02: Land development and land use

CM03: Urban Planning and Infrastructure Construction

CM04: Housing Market and Housing Policy

CM05: Real Estate Finance and Investment

CM06: New Theories and Practices on Construction Project Management

CM07: Smart City

CM08: BIM Technologies and Applications

CM09: Construction Management in Big Data Era

CM10: Green Architecture and Eco-city

CM11: Rural Rejuvenation and Eco-civilization

CM12: Other Topics Related to Construction Management and Real Estate

■ Submission requirements

(1) Papers will be strictly reviewed, and the selected ones will be compiled into the Conference Proceedings, which will be published by Springer Press. Proceedings will be submitted for EI and CPCI indexing. Only one paper will be accepted from each registrant.
